

Hatch® Exclusive Dual Language TeachSmart® Learning System 2.0 Software Package

The TeachSmart® Learning System Dual Language Software Package provides a hands-on technology tool that enables early childhood teachers to effectively provide children with purposeful and playful activities. The TeachSmart Software Package features strategies and activities that reflect the latest scientific research for pre-literacy and mathematics concept acquisition in young children. At the touch of a fingertip, teachers and children can:

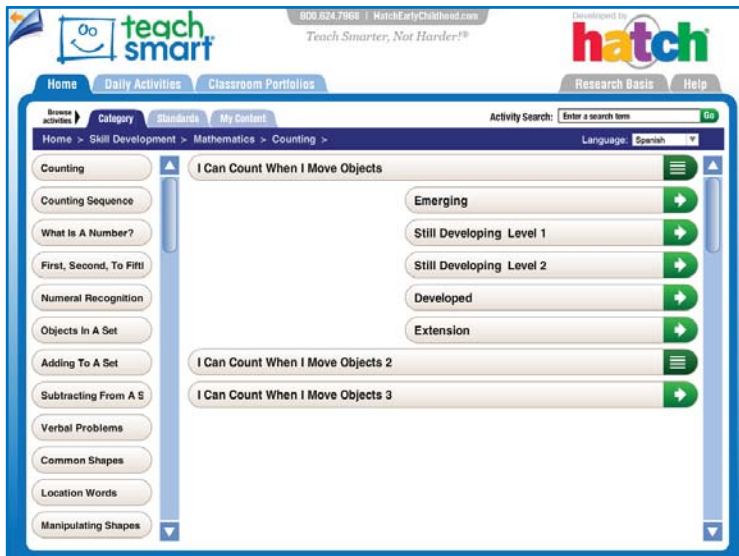

- Access more than 1,100 English language activities
- Plus more than 650 Spanish language activities
- Develop a variety of cognitive skills (phonological awareness (English only), number recognition, counting, pre-writing and more)
- Create individual portfolios for each child

Introducing Activity Management for Teacher Planning with TeachSmart 2.0

- Browse and select activities fast with intuitive navigation
- Search for Activities by Categories, Keywords and National Standards Correlations
- Plan and schedule activities for individuals and groups in advance
- Quickly launch a day's scheduled activities from the calendar
- Integrate your own activities into the TeachSmart Learning System

The TeachSmart Software Package works with any type of interactive whiteboard!

Please note the software package is licensed for use on one (1) computer only and may not be reproduced on additional computers without express written consent from Hatch®, Inc. Unauthorized use may result in legal action.

Software Package Includes:

- Headphone/Microphone allows you to work hands free
- Pointer for a student or teacher's extended helping hand
- TeachSmart imprinted tennis ball allows ease of use by all
- TeachSmart User Manual and Quick Reference Guide

Installation, FREE Training & Customer Service Guarantee

Successful integration of the TeachSmart® Software Package in early childhood classrooms requires proper installation, setup and staff development training. As part of this purchase, a Hatch Classroom Integration Consultant will professionally install the TeachSmart Software Package and conduct a training to advise teachers on implementation to ensure that the software becomes an active part of each classroom. Hatch also provides toll-free technical support for the life of the product.
